REFERENCE TO PREVIOUS CORRESPONDENCE;

SIR:

~~WHEN~~ INQUIRING ABOUT THE ARCADE HOMIE COMPUTER I WAS DRAWN TO ASSUME THAT THE LIGHT PEN WAS A GRAPHIC INSTRUMENT APPLICABLE AS A TOOL. OVER TIME SINCE THEN, I'VE DESIRED TO HOOK UP A SET TO THE ZENITH FOLD-AWAY SCREEN FOR AN ENTERTAINMENT CENTER, BUT WITH THE PEN-CIL. HENCE [💡].

TOWARD ACQUIRING THE 'PACKAGE' IN INCLUDING AND EXTENDING THE CONCEPT OF A COLLAPSIBLE SCREEN (OF VARIOUS SIZES) BUT THAT ACCEPTS CASSETTE PROGRAMMES OPERATED BY A REMOTE HAND HELD TYPE-CALCULATOR WITH GRAPHIC PEN-CIL.

THANK YOU. — YOURS CORDIALLY,
